

IN MEMORIAM

by Mike Murphy

Ever wondered what happened to “so and so”? How quickly we forget the many friends and acquaintances we have had in the duplicate bridge world. This List started (more than) fifty years ago. I hope it will bring back some good memories of those who are no longer playing with us. You should see people here you like, loved, talked about, disliked but most of all, played hours of bridge with.

Editor's Note: *Our apologies to the loved ones of anyone whose name should appear on this list but doesn't – please let someone on the Unit Board know so that corrections can be made in the next issue.*
